

UPS Standard® on Saturday

Get a competitive edge with delivery six days a week from UPS

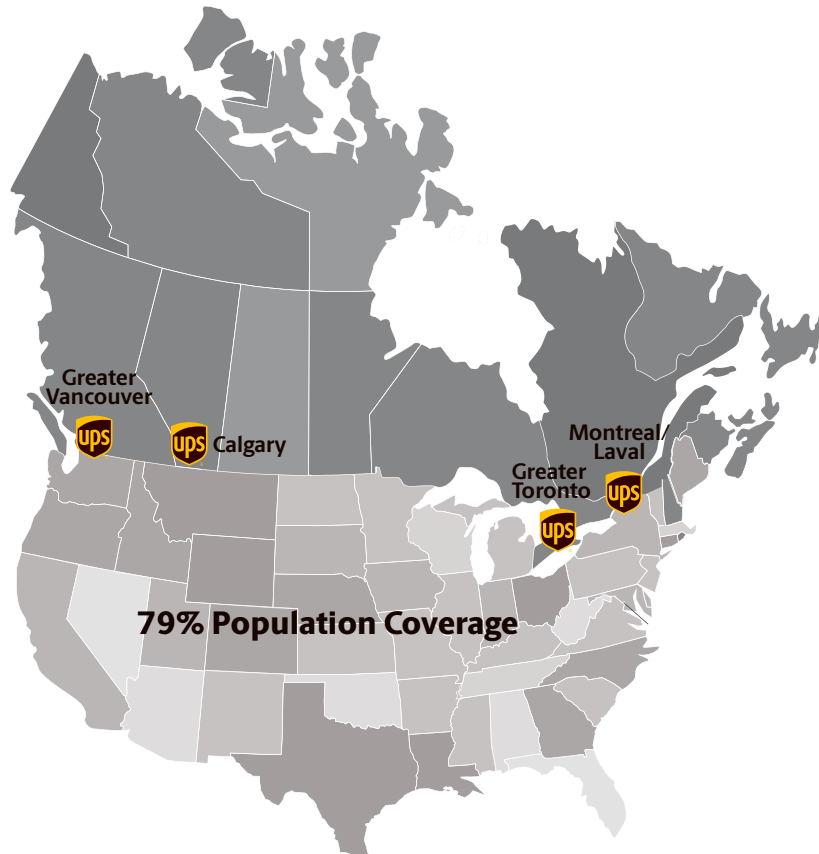

Today, your customers want what they want as soon as possible

And UPS understands.

That's why we introduced UPS Standard service delivery to Saturdays in 2024.

UPS is the first integrated carrier to provide Saturday residential delivery within Canada and to / from the U.S. as a general service offering for all customers.

Saturday UPS Standard delivery is available to most Canadians living in metropolitan areas and to over 19,000 ZIP Codes in 45 U.S. states.

Benefits of UPS Standard Residential Delivery on Saturday*

- **Faster delivery to consumers**

Eligible 1-2 day time-in-transit packages picked up on Thursday and Friday will now be committed for delivery on Saturday (2-days faster)

Transborder packages that were previously delivered on Monday will also be delivered 2-days faster on Saturday, to eligible destinations in Canada and the U.S.

- **No special processing or programming**

No need to separate packages. Process packages normally and eligible shipments will automatically be delivered on Saturday

- **No special pricing or contracts**

This is a general service offering available to customers of all sizes. No special contracts or rates required

- **No additional fees**

Eligible packages will be delivered at no additional cost above Monday to Friday shipping rates

* Eligibility is based on origin postal code, UPS defined Saturday delivery service territory and residential address classification or available UPS Access Point® locations. Eligible origins and destinations will expand throughout 2025.
