Service Description

UPS® WORLDWIDE ECONOMY

UPS® Worldwide Economy is a low-cost, deferred international small package service designed for low-weight, low-value, Business to Consumer cross-border shipments.

UPS® Worldwide Economy is a contract-only service, utilizing a vendor network, which offers a Delivery Duty Paid (DDP) option for international shipments from Canada

- Duties and taxes are paid by the shipper on their UPS invoice
- Package target weight 10 lbs. (4.5kg) or under

UPS® Worldwide Economy service involves the manifesting of international shipments to many export countries. These shipments are then consolidated at the shipper location into Master Cartons for consolidated movement to an Export Site. Master Cartons are opened and emptied at the Export Site with contents being sorted and consolidated by destination country for export.

UPS® Worldwide Economy can be thought of as a movement in two parts.

First Mile: Movement from the merchant shipper to the Export Site

- The merchant shipper consolidates their UPS® Worldwide Economy packages to a Master Carton
- The Master Carton is shipped using a domestic UPS service (or for high volume shippers, a freight service) to the Export Site where the UPS® Worldwide Economy packages are deconsolidated and prepared for export to the destination country
- The cost of shipping for the First Mile movement to the Export Site is not included in the UPS® Worldwide Economy rates.

Last Mile: Movement from the Export Site to the recipient

- UPS® Worldwide Economy shipments will be tendered to a network of trusted partners

Service Guidelines

UPS® WORLDWIDE ECONOMY

The time and date of delivery is not guaranteed.

UPS® Worldwide Economy rates do not include duties or taxes. Rates apply to the international transportation move from the Worldwide Economy export site to the end consignee. Movement of the packages to the export site is not included in the Worldwide Economy rates. Shipments must be Business to Consumer only.

Unless agreed otherwise in writing, package size and weight limits are as follows:

- *Length plus girth [(2 x width) + (2 x height)] combined does not exceed 130 inches (330 cm)*
- *Length (longest side) does not exceed 48 inches (122 cm)*
- *Weight does not exceed 66 pounds (30 kg)*

Packages exceeding these maximum size or weight limits will be returned to the shipper at the shipper's expense and may be assessed a large package surcharge.

All packages are subject to the dimensional weight formula of (Length x Width x Height) / 139 when using inches as unit of measurement, or (Length x Width x Height) / 5000 when using centimetres as unit of measurement.

The estimated time-in-transit is an average of 5-8 business days from the Worldwide Economy export site to the end consignee.

Please refer to the UPS® Worldwide Economy Terms of Service for additional information.
